

The Michigan State University Waterski Club was founded in 1982. The goal of this organization is to bring students together who share a common interest in water sports and give them the opportunity to compete at a collegiate level. There are many students who come to MSU each year looking for an organization to join with an easy-going atmosphere but yet a competitive spirit, and that's what we provide for the MSU student body.

It is our mission to provide an organization that helps build character and companionship that will last a lifetime. Each year we bring on new members and adopt them into our ski family. Our team is committed to building new relationships with each other and other teams across the nation. Our organization makes it a point to stay in touch with alumnus, building a network for all members to add to.

Every member who joins the team will be treated equally and have every opportunity to participate as long as they are a committed member to the team. More importantly, we will require that our members will be committed to their studies at MSU and be academically eligible to compete.
